

Dear Sir/Madam:

Last Superbowl, Move-On.org tried to air a thirty second anti-Bush ad on CBS. I wrote CBS to urge them NOT to run the ad, and I was happy with their decision.

Now Sinclair wants to pre-empt programming by airing what amounts to a 90 minute anti-Kerry ad.

Today conservative, tomorrow liberal, it doesn't matter. It is so clear where all this will lead and what our airwaves will become if we allow this dangerous precedent.

I think you can see that this is a giant step over the line. I have the utmost faith that you will do what is best for the people.

Don't let the airwaves turn into a mire of propaganda.

Thank you.
